

Photography/Videography Permit & Guidelines

The Nature Institute (TNI) facilities and grounds, which are privately owned by The Nature Institute, offer a beautiful backdrop for pictures/videos as well as a special place for many programs, events, and passive recreational activities. To maximize the enjoyment and use by all of our guests, our photography policy requires permission for all photography/videography conducted by a commercial photographer. The term “Commercial Photographer” (Hereafter “Photographer”) is defined in the following manner: Any agent, employee, servant, independent contractor of, or owner of a photography or videography business, freelance, or photographer, who uses TNI grounds or facilities for portrait settings of individuals, groups, commercials, training films, movies, documentaries, or advertisements. Also, anyone who intends to use the images or videography in any manner in which they will be offered for sale is considered a commercial photographer. If you fit this definition, you will need to apply for a photography permit. Permits are available for Day Pass \$10.00, or an Annual Pass \$75.00. Employees, agent, servants, and/or independent contractor hired by any media outlet are specifically excluded from the definition of “Commercial Photographer”, however, such employee, agent, servant, and/or independent contractor hired by any media outlet must receive permission from TNI for the filming or videography of news related events. Photography sessions are not permitted during TNI special events. **A copy of the approved permit is to be with the permit holder during the photo/videography session, as staff may ask to review this at any time.** All Photographers must adhere to the Rules and Regulations of TNI (below). Anyone not following the rules and regulations will be asked to leave the premises immediately and their permit will be terminated. Anyone who fits the definition of “Commercial Photographer” and does not obtain a permit prior to a photography/videography session will be considered a trespasser and will be asked to leave the premises of TNI immediately.
