

Dear Friends of The Nature Institute,

On behalf of The Nature Institute's board and staff, I am writing to request your kind support for our Annual In Harmony with Nature concert scheduled for September 20, 2024. We are a non-profit land conservation and environmental education organization. We are raising funds to continue our mission to foster an awareness and appreciation of the natural world through education, restoration, and preservation. The Nature Institute is an Illinois nature preserve protecting over 450 acres. In addition to over 7 miles of hiking trails which are open to the public, we offer field trips, afterschool programming, kids drop-off programs, adult programming, and summer camps for a wide variety of ages.

When you give to The Nature Institute, you are providing the community with new programs each year that get them outside connecting with the natural world. This year alone TNI has added new yoga programs for kids, a bushcraft class for teens, and a nature journaling program for adults. Please consider helping us continue to serve the community with fun and interesting classes.

Your sponsorship not only benefits The Nature Institute and its mission, but your generosity will be shared with the Alton High School Symphonic Orchestra. The music program at AHS is a great opportunity for students to develop their musical skills and abilities.

There are two, mutually beneficial ways you can help make In Harmony with Nature a success:

- **Make a cash donation** to help provide tools and resources for our education and stewardship teams.
- **Advertise your business** to the many people that attend our event.

All donors will be recognized on our website event page and during the event. Donations are tax-deductible. For your records our Federal Tax ID is 37-1091053.

To ensure your generosity is acknowledged on our event website, please complete the form included and send it with your donation no later than August 23, 2024, to The Nature Institute, 2213 South Levis Lane, Godfrey, IL 62035. For questions, please email Ramona Pollard at rpollard@thenatureinstitute.org.

Thank you for helping make this year's event a great success!
