

Dear Friends of The Nature Institute,

On behalf of The Nature Institute's board and staff, I am reaching out to request your generous support for our annual In Harmony with Nature concert, scheduled for September 25, 2026. As a non-profit organization dedicated to land conservation and environmental education, we aim to raise funds to further our mission of fostering awareness and appreciation for the natural world through education, restoration, and preservation.

The Nature Institute encompasses an Illinois nature preserve that protects over 450 acres of land. In addition to offering more than seven miles of publicly accessible hiking trails, we provide various educational opportunities, including field trips, after-school programming, children's drop-off programs, adult classes, and summer camps catering to a diverse range of ages. Your support is vital to our continued efforts in engaging the community and promoting environmental stewardship.

Every donation to The Nature Institute is like planting a seed that blossoms into exciting new programs. This year, we've launched teen programs and more kid-friendly adventures, and we're always on the hunt for fantastic classes for adults. Your contribution helps us deliver engaging and thrilling experiences to the community.

And here's the cherry on top: Your generosity also supports the Alton High School Symphonic Orchestra! Their music program is a golden ticket for students to tune their musical talents. So, join us in this harmonious endeavor, and let's create a symphony of nature-loving fun together!

There are two mutually beneficial ways you can help make In Harmony with Nature a success:

- **Make a cash donation** to help provide tools and resources for our education and stewardship teams.
- **Advertise your business** to the many people who attend our event.

All donors will be recognized on our website event page and during the event. Donations are tax-deductible. For your records, our Federal Tax ID is 37-1091053.

To ensure your generosity is acknowledged on our event website, please complete the form included and send it with your donation no later than August 21, 2026, to The Nature Institute, 2213 South Levis Lane, Godfrey, IL 62035. For questions, please email Ramona Pollard at rpollard@thenatureinstitute.org. If you are unable to give this year, please consider hanging the enclosed flyer so your customers can learn about In Harmony with Nature.

Thank you for helping make this year's event a great success!
